

Foundation
MONROE COUNTY COMMUNITY SCHOOLS
Transforming Lives

2015-2016 Annual Report

President's Message

Dear Friends,

Looking back at this school year I am deeply touched by the generosity of the Bloomington community. The support of our donors and volunteers creates educational experiences that impact the academic success of our students.

This year the Foundation infused \$192,000 into educational programs and resources that will engage and inspire student learning. This funding made significant investments in many academic areas including, literacy, science, technology, engineering, math (STEM), arts, and wellness. As you read about our teacher grants, community partnerships, and fundraisers you will see how the Foundation is transforming lives for the students of the Monroe County Community School Corporation.

Specific highlights include:

- Teacher grants totaling \$27,300 to 37 educators
- Literacy programs and projects totaling \$102,400
- STEM Projects totaling \$31,500 to enhance curriculum and dual credit courses
- Artful Learning at Fairview Elementary School totaling \$15,500
- Scholarships and Awards totaling \$14,700 and benefitting 39 students.

I thank you, our donors, community partners, volunteers, board members, and staff for transforming the lives of our students. Your annual gift is essential to our educators and students.

As we look to the future of public education, I ask for your continued support to ensure all students have the opportunity to read, write, think, and succeed.

Sincerely,

Tom Bunger, President, FMCCS

Our Mission
