Gratitude Report

2018-2019

Helping all Students Succeed!

Enrichment and Inspiration!

Looking back at this school year I am deeply touched by the generosity of the Bloomington Community. The support of our donors and volunteers made this a year that has ignited many opportunities to enrich and inspire learning for our students.

The Foundation launched a capital campaign to support the MCCSC in building a mobile STEM lab. The campaign will raise \$375,000 over the next two years, to purchase a lab that will spark the creativity and curiosity of our children for many years. At the close of this year we raised \$100,000 toward this goal. The lab is going to be an amazing resource that will allow our children to create, problem solve, and become better thinkers.

Support for our existing programs and initiatives infused \$267,000 into the content areas of literacy, science, technology, engineering, math (STEM), arts, and wellness. We also provided support to food assistance, high school equivalency testing, and student scholarships.

As you read our annual impact I hope you can feel our excitement and gratitude. Every gift, regardless of size, helps us become a stronger community that empowers student learning and success.

Thank you for changing young lives!

Golf Fore Kids

On June 6th, teams gathered at the Bloomington Country Club to tee off in support of students. The Foundation's Golf Fore Kids Scramble raised \$32,600 to enrich educational programs. Fun, prizes, good food, and friendly competition made this event a big success for sponsors, players, and the kids!

Great Grown-Up Spelling Bee

Spelling, Costumes, Spirit, & FUN raised \$27,400! Our winners - First Place the Cook SPELLabrators, Second Place the IU Herman B. Spells, and Third Place FMCCS BEE Bops. Spirit went to Cook Medical and Best Costume to CSO Architects.

Reading, Writing, & Bidding

Thank you to the more than 100 donors who generously contributed items to the 2018 online auction.

Girls in Engineering, Math, & Science

More than 170 girls in grades 5th and 6th attended GEMS! Girls worked with female role models to experience the wonders of science, technology, engineering, and math (STEM)!

Real Men Read

44 MENtors read to our kindergarteners throughout the school year to teach vocabulary and fluency while modeling literacy. Each child is given a copy of 5 fun and engaging books to take home and enjoy. Thank you 50 Men Who Care and German American!
